Experiencing God

FINDING TRUE PASSION, JOY, PEACE,
AND REST IN **CHRIST**

Why use *The Good Book Study Guide: Experiencing God*?

Knowing God should not only affect our beliefs and behavior - what we think and do. It should also affect our emotions - how we feel. Previous generations talked of "experiential faith" - faith that is expressed in every area of our lives.

But when someone asks the questions: "Have you had an experience of God?", it provokes mixed reactions in many of us.

The word "experience" may set alarm bells ringing for some Christians, as they imagine the word means supernatural encounters, strange visions, voices, or other revelations.

But the Bible, God's final, complete revelation, reveals a different, yet no less marvelous, experience of God. The wonderful truths of the gospel and the indwelling of the Holy Spirit, give Christians a unique experience of God, seen and felt in many ways: a love for Christ and for others, peace in place of anxiety, joy in all circumstances, a passion for doing good, and a deep sense of fulfillment and freedom.

These studies stem from the conviction that a deeper understanding of God's gospel leads us to a genuine, life-transforming experience of the living God in Christ, which leaves us hungry to know Him more, and serve Him more faithfully.
